Report on Linux Operating Systems Workshop

Objective:

The main goal for conducting Linux Operating Systems Workshop is

1. To provide the students with an opportunity to learn Linux Operating Systems Concepts.
2. To give the students an exposure to current Linux practices as opposed to theoretical knowledge being taught at their college classrooms.
3. To bridge the gap between classroom teaching and practical working environment.

Activity Details:

A Linux Operating System Workshop was organized by Computer Application Department on 13th September 2023 at 10.00 to 12.00 in Seminar Hall.

The total strength of the participating students was 269 of SYBCA(Science) ,TYBCA(Science) and M.Sc. Computer Application accompanied by teaching faculty members of Computer Application Department.

Mr. Deepak Kandhare, Founder and Managing Director Winlitech Solutions PVT Ltd was the Resource Person for the Workshop. After the warm welcome Introduction Speech was given by HOD Dr. Vikas Mahandule. Mr. Deepak Kandhare started the session, explaining in detail about Linux Operating Systems – its importance and how Linux is very important now a days along with the career opportunities available. Sir also explain some commands with syntax.

This Workshop was very informative, interesting and successful that added a lot of corporate and theoretical knowledge of linux for our students.

Outcome:

1. Enhance students Linux Skills.
2. Students are able to understand the functioning of the Linux Operating Systems.
3. Helps students to understand the Linux commands.
