Academic Year 2023-24

Report on "Mastering the journey through AI & ML: Igniting the Future of Computer Tech Era" Workshop

Objective:

The main goal for conducting Workshop is:

- 1) To discover how AI and ML are already a part of our daily lives, from voice assistants to recommendation systems.
- 2) To know about how AI and ML are changing industries worldwide and their potential to address global challenges.
- 3) To gain knowledge about AI-powered smart home devices and how they enhance convenience and security.
- 4) To Familiarize students with a variety of AI tools and platforms, including ChatGPT and other AI models, to understand their capabilities and applications across different domains.

Activity Details:

MIT Arts, Commerce and Science College (Alandi) Computer Application Department Organized a Workshop on "Mastering the Journey through AI & ML: Igniting the Future of Computer Tech Era" on 18th September 2023 from 11.30am to 1.30pm in Class Room 203.

A total of 127 students from SYBCA(Science), TYBCA(Science), and M.Sc. Computer Application participated, along with faculty members from the Computer Application Department.

The resource person for the workshop was **Dr. Sanket Lodha**, Director of Zeel Network Solution, Pune. The session began with a warm welcome and an introduction speech by the Head of the Department, Dr. Vikas Mahandule. Dr. Sanket Lodha conducted the session, providing detailed explanations about AI and ML, emphasizing their importance in today's world, and introducing some AI tools.

The workshop was highly informative, interesting, and deemed successful, adding a significant corporate touch to the event.

Outcomes:

- 1) Students gained a better understanding of AI and ML.
- 2) Students had the chance to meet and connect with experienced professionals.
- 3) Workshops have inspired attendees to explore AI further.
- 4) Students have become familiar with various AI tools and platforms, which could be useful for future projects or research.
